

Telecommunication Policy

2023 - 2024 SY

If parents find it necessary for their child to bring a telecommunication device to school, including, but not limited to, cell phone, smart watch, tablet, etc., they must sign this form before the device is brought to school.

The device is to be turned off and turned in, to their homeroom teacher each morning, where it will be kept in a container and locked in a secure place. It can be picked up in their homeroom at the end of the school day. The device can be turned on again once the student has left school grounds and is on their way home. Please do not ask students to text or call you during the day. If it is necessary to get in contact with your child throughout the school day, please call the main office. For children who participate in the after-school program, the device will be brought to aftercare on a daily basis and can be picked up after being checked out of aftercare.

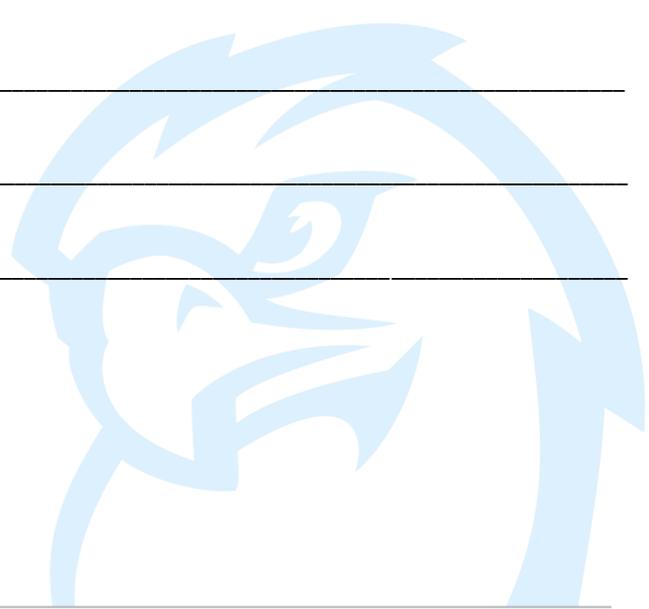

If the student is found in violation of this policy, the following will occur:

- **First offense:** The device will be confiscated, the student will come to the office to pick it up at the end of the school day, and the parent will be notified.
- **Second offense:** The device will be confiscated, brought to the office, and the parent and student will come to the office to pick it up at the end of the school day.
- **Third offense:** The student will lose the privilege of a device on school grounds for the remainder of the school year.
